1. How often should I visit my dentist?

Everyone's needs are different, so have a chat to your dentist about how often you need to have your teeth checked by them based on the condition of your mouth, teeth and gums. It's recommended that children see their dentist at least once a year.

2. Why are regular dental assessments so important?

3. How do I know if my teeth are healthy?

4. How can I improve my oral hygiene?
